

RoHS - Certificate of Compliance

This technical data may be subject to U.S. and international export, re-export, or transfer (“export”) laws. Diversion contrary to U.S. and international law is strictly prohibited.

EU RoHS Definition

- For lead (Pb), Mercury (Hg), Hexavalent Chromium (Cr 6+), Polybrominated Biphenyls (PBB) and Polybrominated Diphenyl Ethers (PBDE) \leq 1000 ppm or 0.1% by weight in any homogeneous materials; and
- For Cadmium (Cd) \leq 100 ppm or 0.01% by weight in any homogeneous materials.

Delta Tau understands European Union (EU) RoHS (Restriction of Hazardous Substances) requires: Lead and other materials restricted in the EU RoHS Directive to be either (1) below all applicable substance thresholds as stated in EU RoHS or (2) covered by an applicable exemption.

EU RoHS implementing details are not fully defined and may change. Where a product is declared to meet EU RoHS requirements, it has been verified to be in conformance with 2011/65/EU as we currently understand the requirements.

RoHS Material Declaration

Subject to other statements in this Certificate, all the product(s) not named in this Certificate comply with the substance thresholds as defined by EU RoHS or an approved/pending exemption applies. We believe that the certificate we are providing regarding the chemical substances in our product is accurate. The certification is based on information provided to us by our suppliers, other third parties and information in our existing records. This Certificate shall not in any way be construed as altering the terms and conditions under which we supply any Delta Tau product to you. All rights and obligation with respect to any particular product provided by us to you are solely as defined in the definitive, written supply, sales and/or license agreement.

Delta Tau accepts no duty to update this certificate unless any change to design/components affects RoHS-compliant status of the product(s) named in this certificate. The information being sent to you is subject to the terms and conditions of the mutual non-disclosure agreement between our two companies.

Products Not Covered by this Certificate

Product Name / Description *	Part Number
Turbo PMAC2 CPCI CPU	3-3625XX-XXXX-XXXXXX
MACRO8 CPU	XXX-602804-XXX
ACC-14P	XXX-603755-XXX
POWERPMAC-NC (PPNC) PENDANT WITH 8 FOOT CABLE	PPNC-XXXXXXXX-SXX-XXX
ADVANTAGE 900 REMOTE OPERATOR PENDANT WITH RELAY BOARD	A900-XXXXXX-SX
PMAC PC DUAL-PORT RAM FOR OPT2	XXX-602240-XXX
ACC-PC104, PC/104 COMPUTER	3-3979A-XX-XXXX-XXXX

* Above listed products can still be used by Non-EU customers for inclusion in product to be shipped to EU where their product is classified as “large-scale stationary industrial tools” or “large-scale fixed installations” to which the RoHS directive does not apply.

REVISION STATUS

Rev	Description of Change	Incorporated By	Approved By	Date
A	Initial Release	Ronnie Rostamian, Sina Sattari	Ronnie Rostamian	09/11/2017
B	Updated exclusion table. RoHS compliant version for the following products released to production: ACC-24M2A (Released 7/23/2018) ACC-65M (Released 04/24/2018) ACC-68M (Released 04/24/2018) ACC-14M (Released 08/28/2018) MACRO16 CPU (Released 07/30/2018)	Sina Sattari	Ronnie Rostamian, Sina Sattari	01/28/2019
